

Don Enos

BLAINE CITY COUNCIL

WARD 3, POSITION 6

Let's build a stronger Blaine where families thrive, businesses grow, and the next generation wants to stay.

A City Council That Listens and Delivers Real Results

When local voices are ignored, decisions get made that do not reflect Blaine's values. Our downtown loses momentum. The working waterfront, including our fisheries, is too often ignored. Small businesses are left behind, struggling to stay afloat.

It does not have to be that way.

With steady leadership, Blaine can shape its future with clarity and purpose. We can keep what works, fix what doesn't, and bring real accountability back to every conversation on the council.

Why Don, Why Now

Blaine is full of potential. The choices we make today will define what our community becomes tomorrow. Don Enos is running for City Council to bring steady leadership, protect what makes this town special, and help shape a future we are all proud of.

Don's Core Commitments

Put Blaine First

- Don will always put Blaine's real needs first. He supports local families, small businesses, and community-driven solutions over outside influence. Every decision he makes will focus on what works best for people, not politics.

Protect Our Waterfront

- Blaine's waterfront reflects our values, our history, and our future. Don will champion development that creates economic opportunity, protects fisheries and access, and preserves the natural beauty that defines us.

Lead With Clarity

- Blaine deserves a strong voice on City Council. Don leads by listening, shows up with clarity, and takes action with purpose. His commitment is simple. He will represent your voice at every step.

Rooted in Blaine. Focused on What Works.

As a dedicated Blaine resident, Don Enos has seen both the challenges and opportunities this community faces. His career reflects a deep commitment to transparency, ethical leadership, and community engagement—foundations for smart, responsive local government.

Steady Leadership With a Local Voice

Don brings decades of experience in public service and community development. He believes good governance starts with clear values and a focus on real people.

- **Transparency:** Decisions should be made in the open, with citizens fully informed and involved.
- **Ethical Leadership:** The public good always comes before personal gain.
- **Community Engagement:** Every resident deserves to be heard, and that voice should shape what comes next.

"I'm not here to play politics. I'm here to help Blaine make good decisions, protect what works, and move forward with common sense." —Don Enos
